		2. Ridgeway Swimming Club. This aim of this Swimming Club was to provide an umbrella Swimming Club with <i>inter alia</i> Didcot Barramundi Swimming Club and Wantage White Horse Swimming Club to provide them an opportunity to undertake joint and collaborative swimming-related activities. There followed much discussion as the Cttee were concerned that his might create a 'super' club with other, much larger, clubs following suit. The Chair of Didcot Barramundi agreed to discuss the application with the Chair of WWHSC and provide the cttee with additional information, a revised constitution taking into account Cttee concerns and bring this back to the Sept Cttee. H Mack then left the mtg.	SEC CHAIR DDCOT BARRAMUNDI & CHAIR WWHSC

Volunteer coordinator

As part of the Swim England approach to recruiting, training and recognising volunteers, Swim England are encouraging clubs to adopt the volunteer coordinator model.

A volunteer coordinator is essentially the people manager of your club. They act as the main point of contact for all club volunteers and provide a key support role to clubs in the management and development of its volunteers.

They also provide a direct link to Swim England and the Region. This relationship allows us to work together to address and support a clubs specific volunteer needs.

Take a look at the [Volunteer Coordinator role descriptor](#) for full details on what the role involves.

Clubs Registered for Open water

Any club who has organised open water swimming activities should have a constitution that specifies it is doing open water swimming OR, uses the term aquatics (which covers open water swimming) in their constitution.

For those clubs with open water activities please ensure the club ticks open water on their renewal submission and also let the Region know by contacting [Bryony Gibbs](#) so that clubs records can be updated.

Clubs are asked to remind swimmers to adjust their disciplines through OMS if they are an active open water swimmer.

Coaching & Teaching Register update

The launch of the [Coaching and Teaching Register](#), in January, led to exceptionally high response levels, with more than **950 clubs** providing information about their active coaches and teachers.

Swim England now holds information (i.e. name, role and discipline), for more than **8,000 coaches and teachers** delivering within our aquatic disciplines.

It is the first time that this level of information has been held and Swim England are therefore extremely grateful for the input from our affiliated clubs.

In order to ensure that they maintain the most up-to-date information for our coaches and teachers, they are now asking individuals to **verify the details** held (i.e. qualification information, DBS and safeguarding).

To check this information coaches and teachers need to log into their [Online Membership System](#) account before the end of **July 2019**.

The system is user-friendly and the verification process is quick and simple – for more information about the system and how to set up an individual account please refer to the [User Guide](#).

When checking information on the OMS system, if individuals notice that anything is missing please refer to the [Q&A sheet](#)

The Bucks and MK Sports Awards Nominations are now open.
